

VACANCY

Position	:	Project Manager
Business unit	:	Hensoldt GEW
Location	:	Pretoria / Stellenbosch

The Project Manager will lead project management functions within a project and research and development environment, focusing on planning, coordination, and integration activities.

Qualifications & Experience:

- Relevant Degree: B Eng. (Electronic, Computer) or equivalent technical qualification
- Project Management qualification
- 10 - 15 years of technical and project management experience in a high-technology engineering environment

Key Technical Skills:

- Strong understanding of Technical Management Processes in high-technology environments.
- Familiarity with Project Management Processes (PMI standards).
- Knowledge of Systems Engineering Process (ISO/IEC 15288).
- Proficiency in Microsoft Office and MS Projects.

Key Responsibilities:

- Lead the planning, development, and integration of projects.
- Manage contracts to ensure all requirements are adhered to.
- Maintain and update project schedules.
- Identify and manage project milestones and risks.
- Implement risk mitigation strategies.
- Oversee project progress and reporting.
- Coordinate project procurement with internal and external departments.
- Liaise with suppliers and subcontractors to ensure timely deliveries.
- Support Hensoldt internal programmes.

Ideal Behavioral Competencies:

- Customer service and market orientation
- Teamwork and collaboration
- Quality commitment and attention to detail
- Accountability and ownership
- Problem-solving, critical analysis, and decision-making
- Conflict management
- Planning, organizing, and team leadership.

Interested candidates may apply by submitting their resumes via e-mail, with reference to the position in the subject line.

Applications can be sent to Cymondi Stassen at recruitment@hensoldt.net

Should you not be contacted within 14 days after the closing date, please regard your application as unsuccessful.

About HENSOLDT South Africa

HENSOLDT South Africa is a pioneer of technology and innovation in defence and security electronics. The company offers a comprehensive range of products, systems and services across defence and civil markets, from spectrum dominance, optronics and radar, to IFF, datalinks and integrated security solutions. With more than 800 South African employees across three sites in South Africa, it is the HENSOLDT Group's largest industrial base outside of Europe and one of the largest defence and security electronics companies in South Africa.

HENSOLDT South Africa focuses on diversity, equity and inclusion in our organisational strategy. We are committed to building a diverse and inclusive corporate culture to the benefit of our employees and to deliver better outcomes for our clients. In line with our commitment to employment equity and our focus on diversity in the operational environment, we welcome applications from all ethnic groups. In line with HENSOLDT's commitment to employment equity and our focus on diversity in the operational environment, preference will be given to suitable candidates from designated groups.
